My dear Mr. Weisberg:

The item attached, which is from today's issue of the Dallas Morning News, pleased rather than disappointed me because the effort which has taken most of my time for more than fifteen years can now be completed with the perfectness required for its success and without which it would certainly fail entirely. My need with respect to the matters about which I wrote

your recorded date of
October 18, 1966 and
carried today continues
but there is appreciably
less hurriedness.

Sincerely,

Martin Luther King
